

### Bright Beginnings NYC Elementary Enrichment Program

We are pleased to announce that Bright Beginnings NYC will be opening an Elementary Enrichment Program in the Seaport District.

We have seen the need for supplementary in person schooling for children who have been displaced by their current schools remote learning programs. Although we do believe schools are working hard to finalize scheduling and create a balance between at home learning and in person classes, students and their families are still lacking consistency, proper instruction, and socialization practices. More so, parents have been left without any form of possible productive scheduling for work and children will feel the impact of that as well.

Because of this, the team at Bright Beginnings has been working hard to create a positively electric supplementary enrichment program for Fall/Winter 2020! Should we need to continue into the winter/spring semester (post New Year's) we will hopefully have the chance to do so as well.

We are ever so excited and hope to grant this opportunity to as many students as possible who are looking to normalize their 2020/2021 school year.

All program details will be listed below. Please keep in mind that this is an enrichment program, not a school, and will reflect as such.

**Location: South Street Seaport District; 2 floors**

**Ages: 6yrs-10yrs.**

**Enrichment Groups Size: 20 students per day; depending on in person school schedules, students will flip flop days as needed.**

- **Students will be divided into 2 groups of 10**
- **1 group will be stationed on the ground level, second group will be stationed on the 2nd level.**

**Dates: October 15th- December 24th**

**Hours: 9:00am-3:00pm (Possible day extension if we see the need for working parents)**

**Meals: Lunches and snacks are required to be brought from home. Water bottles are requested as well.**

**Cost: \$3,800**

**Description:**

**This is an elementary enrichment program. Students will be tutored in their course work, aided in their remote learning, and supplemented with other core content topics that will enrich their developmental growth. We hope to add consistency to their day and yours, provide them with continuous learning opportunities despite not being in their regular classes, and create a safe space for them to continue their ongoing education.**

**In addition we hope to help support the parent population as much as possible by providing you with a comfortable and safe place to drop off your child and allow you to move forward with your regular work schedule as well.**

**Scheduling:**

**Students will be attending on days they do not have in person classes at school. We understand some students follow a 2:3 rotation schedule while others follow a 2:2:1 rotation. We will do our best to appease both schedules as much as possible.**

**If schools change schedules again, we will adapt as best as possible.**

**The elementary enrichment program will follow the school calendar on the Bright Beginnings NYC website.**

**Covid 19 Regulations:**

**The elementary enrichment program will follow any and all regulations set forth by the city and state, as well as all regulations required by Bright Beginnings NYC.**

**All Covid 19 regulations will be sent to you upon your request and are available on the regular school website home page. I urge all parents to review the Bright Beginnings Covid regulations prior to reserving a spot as they are quite in depth and we do ask all parents to follow them.**

**The elementary enrichment program will follow the same sick policy as Bright Beginnings NYC Preschool, which has been updated in order to provide the safest environment possible during the Covid 19 pandemic.**

We are excited for this program to begin and can't wait to add some normalcy during these uncertain times. Please let us know if you have any questions and feel free to email us at any time. Spots are limited due to small group sizes and the need for appropriate social distancing practices.

We look forward to seeing all the kids soon!

Best regards,  
Allison Tylek
